community art project, this  
summer. In your community.**

**Information Session  
May 12, 2014 ~ 7pm**

**Black Cultural Centre, 10 Cherry Brook Road**

# “Together As One”

## Preston Area Community Art Project

The Black Cultural Centre in partnership with the Together As One Planning Committee, and the Halifax Regional Municipality, are pleased to offer this unique project to develop three distinct street art designs. One in each community to celebrate community spirit, history and culture.

Preston is made up of three distinct and historically related communities: North Preston, East Preston, Cherry Brook/Lake Loon. The Preston communities have always been communities that, even in the face of adversity, are strong in culture, kinship and community. You only need to visit a senior for a tea to hear about the sense of community and how 'back in the day, we we're each others keepers'.

The “Together As One” Community Art Project will consist of three (3) distinct art pieces located in each the communities. Painted on the pavement in a unique location in each community. The three art pieces will show the uniqueness of each of the communities, but will reflect how the communities are connected. A finished collective legend illustration will be displayed at the Black Cultural Centre of Nova Scotia at the end of the project. The art project will reflect the power of community, through all ages and families working together. The project will inspire and empower the community to look at creative art through African Nova Scotian lenses.

**WE ARE STRONGER TOGETHER  
TOGETHER AS ONE!**
